Interior (*Optional*):

Huntley’s Historic Preservation Ordinance does **not** require evaluation of the interior of a property under landmark consideration. The Commission does respectfully request property owners to supply any pertinent historical information regarding the interior features of the proposed property. Information about types of structures such as built in cabinets, window seats, wooden trim and floors, and the like would help record the property’s history. Also important would be information about early plumbing, heating and electrical systems.

If you’d wish to supply photographs of the interior of the property, we would appreciate it. Such photos would help to preserve historical accuracy of our town’s treasures.

Thank you.
